ABOUT THE PETER G. DODGE FOUNDATION

WHO WE ARE

The Peter G. Dodge Foundation is a philanthropic organization dedicated to helping people lead lives free from the effects of alcohol addiction.

Established by Hanover Research Founder Peter G. Dodge, we support the advancement of new treatments and the dissemination of up-to-date information about alcohol-use disorder (AUD).

WHAT WE DO

We maintain an online treatment guide where those who suffer from AUD can learn about treatment options and how to access them.

We operate two distinct grant programs: Mission Grants and Community Grants.

Mission Grants fund work that aligns with our primary mission: helping people lead lives free from the effects of alcohol addiction.

Community Grants improve the lives of young people through education, medicine, and the arts, and support animal welfare.
